In their "Encyclopedia of US Gold Coins" authors Garrett and Guth say this about 1850-O Quarter Eagles: "... the most interesting feature of this issue is the extremely poor quality of the strike on most known examples. The date is scarce in all grades and only a few are offered for sale most years. This date is VERY RARE in full mint state ... " In light of the Garrett and Guth comments, the present example shows strong detail, even light wear consistent with its assigned grade, and has excellent original color. 159	1853-O Liberty NGC AU53 pedigreed to the Eric P. Newman Collection. This issue is prohibitively rare in mint state. Records show that 13 were recovered from the wreck of the SS Republic (sunk in 1865), and only 1 coin was borderline mint state, so the present offering should be carefully considered by anyone wanting rare-date gold. Most coin enthusiasts are familiar with the previous owner of this piece - numismatic luminary Eric P. Newman from St. Louis who was widely cited as an expert in many series and was a prolific writer on most of them. An attorney by profession, he was also the sponsor of the Newman Numismatic Portal at Washington University in St Louis (nnp.wustl.edu) that houses numismatic literature on just about everything. A book on Newman's life written by Augsburg, Burdette, and Orosz, "Truth Seeker: The Life of Eric P. Newman" (2015), describes Newman's role in the ultimate determination that renowned "Penny Whimsy" author Dr. William Sheldon stole many important large cents from the American Numismatic Society. (It should be noted that Sheldon has his loyal defenders though, so the debate regarding his alleged misdeeds lives on.) In 2017, Newman died at the age of 106. Many of his coins were graded by NGC since his passing, and have been widely dispersed. The present coin is an excellent example.	EST P 1,900-2,300 HWC-SE

SPECIAL NOTICE REGARDING COVID-19

At the time of catalog production we are still under statewide restrictions which prevent us from having in person attendance at our auctions. The auction has been moved to a live online auction on Stamp Auction Network. Please stay tuned to your email as well as our Facebook and Instagram pages for any changes in these restrictions.

We have been working extremely hard to add more photos of as many of the lots as we can. We will also give buyers the opportunity to have expanded descriptions and video viewing so that even from a distance, they can bid with confidence.

During these changing times we are doing our best to bring the hobby to collectors and give sellers an outlet to sell product. We will continue to adapt as we find new ways to serve both. Thank you for your continued support over the years and during this time.
